Quality project managers are some of the best in the business with many combined years of experience, helping to guide your project through from start to finish.

Products & Services

Retail Store Fitting

Our team of dedicated and committed fitters have throughout the last two years completed and installed many projects.

Whilst working directly and indirectly with main contractors and Blue chip companies we have continued to grow yet still maintain our valued reputation of never failing to complete a project on time and always providing our clients with satisfaction and assurance.

Specialising in the installation of pre made furniture and fittings

Our fitters have Knowledge and expertise that enables Orion to be Market leaders in the Fast fit shopfitting environment.

Many of our previous Projects have been undertaken with strict deadlines and time constraints as well as the added problem of maintaining trading facilities our project managers have experience both on the tools and within management to ensure the smooth transition and progression of projects under these conditions.

Instore Maintenance

During the normal Course of trading we appreciate stores and shops can become Soiled and damaged

Our teams of dedicated tradesmen are trained and qualified to renovate clean and maintain all aspects of existing installations offering and providing that always new and fresh appearance that is so important in maintaining the image and profile needed in today's cut and thrust retail market.

Whilst we appreciate visual effects and presentation are of paramount importance we at Orion never underestimate the importance of mechanical and electrical systems and equipment working and maintained in a correct and safe manner. Facilities are maintained and operated to the highest standards.

Products & Services

Electrical Installation & Maintenance

Orion Electrical Contracts Ltd Have long been established and maintain to operate independantly of our shopfitting and retail installation operations, very close liason and communictaion make for that smooth and satisfying reassurance when undertaking complete retail installations Orion Electrical Contracts Managers Engineers and Design personnel Are all qualified to the highest standards and are fully conversant with todays modern installation practices.

Our Engineers are fully trained to 16th Edition regulations and fully qualified to C&G 2391 Testing and Inspection

Orion Electrical Contracts Ltd Continue to provide a very competitive and concise estimation and quotation service with speedy turna round for projects and tenders.

Orion Boasts that all of its engineers are directly employed ensuring that client satisfaction confidentiality and above all pride in the quality of work is always ensured.

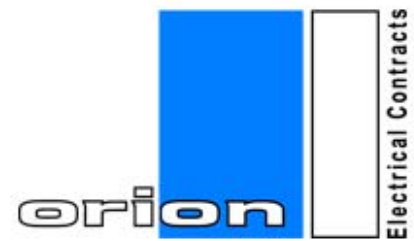

Heating AirConditioning, Ventillation And Plumbing

while presentaion visual finishes and effects are paramount, the quality of the working and customer enviroment is of similar importance and should be engineered providing heat when required and cooling as needed to work in harmony with the ever changing enviromental and weather conditions today.

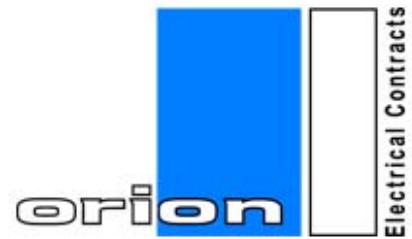

Orion Retail have developed relationships with installation companies who specialise in installing suitable equipment not only for functional reasons but also for asthetic presence.

Decorating

Orion believe that the quality of the finish is as important as the complete installation and should be carried out in a manner befitting the trade itself.

Products & Services

Our Decorators are seen as an integral part of the company and commitment to completing a standard of decorated finishes is always maintained.

For too long decorating has been simply a colour on a wall or surface.

Decorating for Orion is always carried out to the highest standards by fully qualified and time served Tradesman.

Ceilings & Floors

Ceilings

Ceilings are installed from our own teams of tradesman and are always fitted to the highest standards using quality equipment and materials.

Using modern lasers and other equipment ceilings are installed accurately and cost effectively

Floors

Floor finishes are an intrinsic part of any retail outlet and are always installed using the best quality materials and equipment.

Floor Finishes should be laid and protected ensuring pristine condition is maintained throughout contract periods suitable and accurate maintenance is essential for long lasting quality floors our clients are always informed with maintenance details and materials to ensure these requirements.
